

# Super-Intern Wanted

What's a Super-Intern? Someone who excels in their current major at school and wants to try out their skills at a great event company in Barcelona! **Must speak fluent Spanish & English**, and if you speak French too, this will give you an edge. ONLY University students with "convenio de practicas" will be considered for internships.

We are looking for interns of all types here at Prelude Events! Come show us what you're good at – supplier relations, production, communications, marketing, business development, finance, we're open to all of it! Our various teams need someone who wants to expand on what they are learning in school, and who wants to apply that knowledge in the working world. We are looking for someone to work during the school year, over winter break, or over summer break - let us know what works for you.

## **Responsibilities:**

- Being awesome
- Commitment to learning more about (and improving upon) creating, managing and executing events
- Depending on the team you join, you may work on: competitive analysis, customer interaction, administrative support, social media, number crunching, entry management at our customers' events, trade shows or career fairs, and other fun things we haven't even thought of yet!

## **Requirements:**

- Ability to commit to 15-40 hours a week (depending on whether you work during school or during a break)
- Proficiency in social media, internet / Microsoft office
- A passion for events and event management
